

Tangará da Serra, September 2nd, 2014

Dear Dr. Hatori, Araújo and Loretto

Please consider our submission entitled “Sexual selection in the tortoise *Chelonoidis denticulata*: dominant partner or healthy partner?”, by Raiane Costadelle Cavalheiro and Eduardo Bessa for publication in the thematic edition “Ecologia Comportamental, Vol. 2” of *Oecologia Australis*. Both authors agree with the publication of this study in your journal. We inform that our study was never submitted anywhere else. We would like to suggest the following specialists to review our manuscript:

Flávio de Barros Molina	Fundação Parque Zoológico de São Paulo	fbmolina@uol.com.br
Regina Macedo	Universidade de Brasília	rhmacedo@unb.br
Felipe Franco Curcio	Universidade Federal de Mato Grosso	ffcurcio@yahoo.com
Miguel Trefaut Rodrigues	Universidade de São Paulo	mturodri@usp.br
Sandra Helena R. Corrêa	Universidade Federal de Mato Grosso	shrcorrea@uol.com.br

Since we agree with the conditions of the journal, both authors sign bellow.

Raiane Costadelle Cavalheiro

Prof. Dr. Eduardo Bessa
